CONGREGATION B'NAI JACOB, NIAGARA FALLS, ONTARIO.

Cemetery Committee.

Chairman: Dr. E. Jeremias

Chevra -- Kadisha:

REPORT

These are my comments on the cemetery lots, expressed verbally at the meeting on April 20th, 1959, and hereby request, in writing, that they be attached to the Minutes.

"It would be advisable that the cemetery lots should be transferred first to the congregation by deeds by Mr. L.W. Weisz, Philip Zuker and Harold Rosberg, and transferred afterwards from the congregation to the individual purchasers, to have true records on the cemetery plots' history.

"The minutes of the 30th October, 1957 contain, and I quote, the following:

'The following resolution was moved by P. Zuker, seconded by R. Saks and carried: Be it resolved that Leslie Weisz, Philip Zuker, and Harold Rosberg, are authorized by the congregation to accept "in the name of the congregation B'nai Jacob" the tract of land in Stamford Cemetery, being graves numbers 65 to 144 inclusive; be it further resolved that the three members above named are authorized to place their names to the deeds issued by the Stamford Township and that these three men act as trustees of the synagogue organization. It is clearly understood and agreed that these trustees will assign the deeds to the congregation at the will and at the direction of the B'nai Jacob executive.'

"Because of certain technicalities, this resolution could not be performed exactly, but to-day these legal impediments are eliminated and so the quoted resolution could be exactly carried out."
