Congregation of B'Nai Jacob
Niagara Falls, Ontario

Att: Dr. Eugene Jeremias, Committee Chairman

Dear Dr. Jeremias:

This will confirm our telephone conversations of recent date during which you requested that we write you in detail regarding burial services for your members.

We are prepared to supply the following:

removal of the deceased from hospital or home to our funeral establishment

use of our preparation room for washing and dressing the body

use of our funeral home for visiting hours prior to service

use of our hearse and conducting the funeral following service

grey cloth-covered casket with head panel that is removable to show upper half of body

for the price of $ 250.00 per funeral.

It is understood that cemetery charges for opening the grave, newspaper notices, removals from a distance such as Toronto, and any other necessary disbursements would be additional to the above price.

It is also understood that a more expensive casket than the above, or a vault, if required, would be in addition to the above price. The price quoted is basic.

We would be pleased to provide space for your locker or wardrobe in which you would keep your equipment, at no charge to you.

Very truly yours,

MORSE & SON LIMITED
